THINGS TO KNOW POSTCARD MAILOUTS

Mailout production begins once your order, artwork, payment, and mailing list are received and approved.

If you are requesting a database, production begins the day we receive the database.

Database requests may add time before the print production can begin.

Mailout pricing includes postage and delivery to the United States Postal Service.

USPS transit time is additional to production time and begins after the mail is accepted by USPS.

Once the mail is delivered to and accepted by USPS, final delivery timing is controlled by USPS and is not guaranteed. We are not responsible for USPS delays, routing issues, missed delivery, or other delivery issues after USPS acceptance.

Estimated USPS Transit Times:

First Class: 2–5 business days
Standard/Bulk: 5–14 business days

Please plan ahead for time-sensitive mailings.

Production, database processing, and USPS transit time should all be considered.
